Dear Mr Williamson

NATIONAL PACKAGING COVENANT AND THE MANAGEMENT OF LITTER

Thank you for your email dated 20 May 2009, in which you requested advice on the responsibility of fast food retailers to reduce branded litter at a local skateboard park.

I sought advice from the Keep Australia Beautiful WA on your email and I understand that you were copied into their response.

As brand owners, both Red Rooster and Subway have obligations under the National Packaging Covenant and the National Environment Protection Measure (Used Packaging Materials), which does include the management of litter.

I recommend that you write to the proprietors of the two fast food establishments, and copy your letters to the Local Council.

Yours sincerely

Barry Carbon
CHAIRMAN
